AURORA COUNTY COMMISSIONER PROCEEDINGS

February 6, 2025

The meeting was called to order at 9:00 AM by Chairman Clyde Dethlefsen, with John Paul Studeny, Roger Hanten, and Travis Clark present. Randy Niles was absent.

The Pledge of Allegiance was recited.

There was no public input.

The agenda was amended by adding EM&D training and manure spillage. A motion was made by Clark, seconded by Studeny to approve the agenda as amended. Motion carried all voting aye.

A motion was made by Studeny, seconded by Hanten to approve the minutes from the January 16th meeting. Motion carried all voting aye.

A motion was made by Studeny, seconded by Clark to approve a seasonal overweight permit for Central Electric. The permit is to be used in emergency situations only. Motion carried all voting aye.

Highway Superintendent Vissia and Secretary Beckman were present for the highway report.

A motion was made by Clark, seconded by Studeny to authorize highway superintendent Doug Vissia to attend the short course in Deadwood on March 18-20. Motion carried all voting aye.

A motion was made by Clark, seconded by Hanten to sign a pit option agreement with Dina Shefner at \$2.00/ton for screened gravel. Motion carried all voting aye. This agreement will be effective for 5 years.

Discussion was held on load limits. No action was taken to put them on at this time and will be discussed at the next meeting.

Cole Christian from Randall Community Water District updated the Commission on the regional water transmission line project in Aurora County. In September of 2024, Aurora County passed a resolution to allow Randall Community Water to occupy the public right-of -way for the project. Mr. Christian thanked the County for supporting their project and noted they have 100% of the easements signed and were successful in land acquisition. Now that the easements are done, they will hand off the project for the next phase, which is the construction portion.

Hausmann Construction and other entities will be in contact with the County to start the construction part of the project. The water transmission line pipe delivery and groundbreaking are anticipated to begin this Spring in 2025, and the overall completion is expected to be done by the summer of 2027.

A motion was made by Studeny, seconded by Clark to approve A Plat of Tracts C, D, and E in the W ½ of Section 14, T102N, R65W, of the 5th PM, Aurora County, South Dakota. Motion carried all voting aye.

The county's annual bid letting will be held on March 6, 2025.

A motion was made by Studeny, seconded by Clark to approve tax abatement #1042 in the amount of \$330.25. Motion carried all voting aye.

A motion was made by Clark, seconded by Studeny to authorize department heads to attend the Southeast Central District meeting in McCook County on February 11th if they wish to do so. Motion carried all voting aye.

A motion was made by Studeny, seconded by Hanten to authorize the Chairman to sign the 2025 contract law agreement with the City of Plankinton for law enforcement services and pay the county bi-annually \$38,050. Motion carried all voting aye.

A motion was made by Hanten, seconded by Studeny to authorize the auditor to do an operating transfer from the General Fund (101) to the Domestic Abuse Fund (229) in the amount of \$4,297.00. Motion carried all voting aye.

Discussion was held on the reduction of hours at the request of custodian Dan Beckmann. Chairman Dethlefsen noted that he received a phone call from Beckmann requesting to reduce his hours from full-time to 32 hours per week. He would like to be able to come in later in the morning while he is calving. The Board agreed with reducing his hours as long as when a snow event occurs, the snow removal is taken care of before the courthouse opens. The commission set the custodian hours from 9:00 AM to 4:00 PM Monday through Thursday and 9:00 AM to 1:00 PM on Fridays. The reduction of hours will be addressed again at the first meeting in April.

Treasurer Andrea Pryor requested to move deputy treasurer Sue Faulhaber to full-time status for the month of February due to the new Cars Program that will be launched soon. Andrea said she is not sure how things will go with this new program and there will more than likely be several glitches that they will need to work through. A motion

was made by Studeny, seconded by Clark to allow Sue to be moved to a full-time status for the month of February.

Motion carried all voting aye.

Treasurer Pryor spoke with the commission about investing CD's and said as the treasurer, it is her decision and duty to invest the county's money. She informed the Board that she recently found that American Bank & Trust in Stickney does not allow the county to take part in specials on interest rates because it is the policy of the bank that no public funds are eligible for such specials. Andrea said that the Farmers & Merchants State Bank allows us to take advantage of such specials. Currently we have \$230,000 in CD's at American Bank & Trust, said Pryor, and she would like to be able to invest at a higher rate if possible when specials come up. Commission Clark suggested to speak with the Stickney Bank to see if they will work with us and allow us to take advantage of the special rates. As far as the county goes, we need to look at the best return for the county and go with whoever can give us the best deal, said Clark. It was noted that this is not a Stickney policy, but rather a policy of American Bank & Trust.

Commissioner Clark said he will talk with Allen Teel in Stickney to see if they can do something for us.

It was noted that some windows in the courthouse are leaking cold air and someone came to check it out a while back, but nothing has been done. The commission will check with Custodian Beckmann at the next meeting to see where things are at with this.

A motion was made by Studeny, seconded by Hanten to authorize Emergency Manager Kehn to attend an emergency manager training in Pierre on February 25th. Motion carried all voting aye.

It was noted that there was a manure spill in the county that was reported to the sheriff's department. The deputy sheriff filled out a complaint form and gave it to States Attorney Mairose.

Discussion was held on becoming a sponsor for the Firesteel Watershed Project. Commissioner Studeny stated that he has talked with several individuals as well as the Plankinton Development Board and said that under the conditions that the county has established, he has not heard as much after their concerns were addressed. Emergency Manager Kehn noted only the county is agreeing to this study and there is no financial responsibility to the county for this. The projects that are identified after the study is completed shall be entered into voluntarily and nobody will be forced to do something they do not want to do. Commissioner Studeny said this could also help with the mitigation

project we are working on for Skunk Creek. Chairman Dethlefsen stated that the Skunk Creek study did not go all the way down in the southern part of the county. This study would allow us to get more information on this area, said Dethlefsen. After much discussion, a motion was made by Studeny, seconded by Clark to approve being a sponsor of the Lower Firesteel Watershed Project study and authorize the chairman to sign a letter stating Aurora County would act as a partnering sponsoring local organization. Roll Call Vote: Clark, aye; Studeny, aye; Hanten, aye; and Dethlefsen, aye. Motion carried.

Emergency Manager Kehn informed the commission that he has been taking classes for flood plain manager to get up to speed on some of the things associated with being a flood plain manager.

The commission asked if the county has heard anything back on the Skunk Creek project. Emergency

Manager Kehn told the Board he is still waiting to hear back from FEMA. The State has been contacted as well, said

Kehn.

A motion was made by Clark, seconded by Hanten to enter into executive session with Emergency Manager Skyler Kehn as per SDCL 1-25-2(6a) at 10:51 AM. Motion carried all voting aye. The Chairman declared the Board out of executive session at 11:07 AM with no official action taken.

A motion was made by Hanten, seconded by Clark to file reports and pay voucher as listed below. Motion carried with Dethlefsen, Hanten and Clark voting aye. Studeny abstained from the vote.
