COMMUNITY COMMENTS /CORRESPONDENCE: e-mails from SDPAA

UNFINISHED BUSINESS- Stockwell Engineers and Ted Dickey discussed the sanitary/storm application that had been submitted DANR and the funding that will come from the state. The city's application has been approved. There was much discussion about what the next steps would be if the town decides to go forward with the project. There will be a informational special City Council meeting that the public is invited to attend. That will be held on Tuesday, April 22nd at 7:00 p.m. The Council would like as many residents as possible to attend. It is a project that needs to be addressed for the future of the community. Patti Daly gave us an update from a meeting that she (and others) had with Terry Birk last week. She is waiting for further information from Terry and Dean.

Nuisances – The council continued to discuss problems with dog issues in town & the possibility of adopting some new ordinances to handle those situations. They will look over Brown County's dog ordinances as well as local communities.

Streets – The streets are very wet, but the city will drag them once they dry out. The north road that leads to the city dump will be closed to prevent damage to the road.

Parks – The filters that are involved with the park sprinklers were rebuilt. Scott has purchased a motion light as a permanent illumination option for the arch in the park. He will be testing it out.

Lagoon/Sewer – The city has looked into the service – **paygov.com** as an option for residents to pay their monthly sewer bill. It's a basic service in which they can pay their monthly bill with a credit/debit card along with a 3% fee charged by paygov.com. It is a free service for the city to use. Trevor Meints made a motion to go ahead with information for residents regarding paygov.com. Jeremy Dosch seconded the motion. All were in favor – motion carried. Residents will receive more information in the mail this month.

Rubble Site –no report

NEW BUSINESS – Cara is working on developing information sheets on each residence in town.

FINANCIAL REPORT – Cara mentioned Finance Officer School in Pierre in June. She will attend on the 12th. Cara presented bank balances. Trevor Meints made a motion to accept the financial reports as given. Jeremy Dosch seconded the motion. All were in favor – motion carried.
